# TABLE OF CONTENTS

## PLENARY SESSION

*J. M. Bidlack* ................................................................. 1

The National Institute on Drug Abuse:  
*A. I. Leshner* ................................................................. 3

Introduction of the Nathan B. Eddy Memorial Award Recipient  
*W. L. Dewey* ................................................................. 9

Nathan B. Eddy Award Lecture  
*M. W. Adler* ................................................................. 11

## SYMPOSIUM IV
Opioids and Neuropeptides in Immune Function and Host Defenses Against Retroviruses  
*T. Eisenstein and J. Madden, Chairpersons* .................................. 23

## SYMPOSIUM V
The Effects of Prenatal Cocaine Exposure on CNS Development  
*S. Mackler, Chair* ............................................................... 27

## SYMPOSIUM VI
Drugs of Abuse, Impulsivity and Risk Taking  
*H. de Wit and Gene Heyman, Chairpersons* .................................. 30

## SYMPOSIUM VII
Recent Progress in Transporter Research  
*M. Kuhar and J. Justice, Chairpersons* ........................................ 33

## SYMPOSIUM VIII
Drug Dependence and the Genome  
*T. Kosten, Chair* ............................................................... 36

## SYMPOSIUM IX
Current HIV and Drug Abuse Prevention Research Findings and Future Directions  
*S. Coyle and R. Needle, Chairpersons* ....................................... 39

## SYMPOSIUM X
Approaches to the Molecular Genetics of Drug Abuse  
*George Uhl, Chair* ............................................................. 40

## SYMPOSIUM XI
Ethical Laboratory Research with Humans: The Devil is in the Details  
*M. Fischman and C.-E. Johanson, Chairpersons* ............................. 41

## SYMPOSIUM XIII
Novel Applications of Human Drug Discrimination of Understanding Effects  
*C. Rush and J. Kamien, Chairpersons* ....................................... 45
SYMPOSIUM XIV
PTSD and Substance Abuse: Nosology, Epidemiology, Genetics and Neurobiology
N. Breslau and R. Price, Chairpersons. ................................................................. 48

SYMPOSIUM XV
HIV in the Brain
B. Hoffer, Chair. ........................................................................................................ 52

SYMPOSIUM XVI
Combined Cocaine and Opioid Abuse: From Neurobiology to the Clinic
S. S. Negus and I. Rowlett, Chairpersons ............................................................... 55

WORKSHOPS
Making Audiences AMAZED, Not GLAZED: Techniques for Improving Presentations
R. Eisenberg and F. George, Chairpersons ............................................................. 58

Food, Sex and Drug Incentives: Implications of a Common Substrate for Development of
Anti-Craving Medications
F. Vocci, A. R. Childress, Chairpersons ................................................................. 59

Fighting Back - Community Interventions to Reduce Drug Abuse
R. S. Schottenfeld and C. Winick, Chairpersons ..................................................... 61

ORAL COMMUNICATIONS I
Nicotine: Laboratory and Clinical Studies .......................................................... 64

ORAL COMMUNICATIONS II
Marijuana: Clinical Studies .................................................................................. 68

ORAL COMMUNICATIONS III
Benzodiazepines ..................................................................................................... 72

ORAL COMMUNICATIONS IV
Medicinal Chemistry: Cocaine and Opioids ......................................................... 76

ORAL COMMUNICATIONS V
Neurobiology of Stimulants ................................................................................ 81

ORAL COMMUNICATIONS VI
Analgesia ............................................................................................................... 85

ORAL COMMUNICATIONS VII
Treatment for Opioid Dependence ................................................................. 89

ORAL COMMUNICATIONS VIII
Cannabinoïds: Chemistry, Receptors and Behavior ......................................... 93

ORAL COMMUNICATIONS IX
Treatment for Stimulant Addictions ........................................................... 96
POSTER SESSIONS III

Alcohol
Family Risk Factors
Adolescents
Comorbidity of Substance Abuse and Psychiatric Disorders
Drugs and Crime
Employment
Research Design and Analysis
Dopamine and Serotonin
Caffeine

POSTER SESSIONS IV

Amphetamines
Cocaine: Motor Effects
Treatment for Opiate Dependence
Polydrug Abuse
Drug Abuse in Women
Substance Abuse in Pregnancy

LATE ABSTRACTS

ANNUAL REPORTS

BIOLOGICAL EVALUATION OF COMPOUNDS FOR THEIR PHYSICAL DEPENDENCE POTENTIAL AND ABUSE LIABILITY. XXI. DRUG EVALUATION COMMITTEE OF THE COLLEGE ON PROBLEMS OF DRUG DEPENDENCE (1997)
A. E. Jacobson, Biological Coordinator, Drug Evaluation Committee, CPDD

DEPENDENCE STUDIES OF NEW COMPOUNDS IN THE Rhesus Monkey, Rat and Mouse (1997)
M. D. Aceto, E. R. Bowman, L. S. Harris, and E. L. May

EVALUATION OF NEW COMPOUNDS FOR OPIOID ACTIVITY (1997)

PROGRESS REPORT FROM THE TESTING PROGRAM FOR STIMULANT AND DEPRESSANT DRUGS (1996)
C. P. France, L. R. Gerak, J. K. Rowlett, W. L. Woolverton, G. Winger, and J. H. Woods

STANDARD BINDING AND FUNCTIONAL ASSAYS RELATED TO MEDICATIONS DEVELOPMENT DIVISION TESTING FOR POTENTIAL COCAINE AND OPIATE NARCOTIC TREATMENT MEDICATIONS
